INVESTIGATION INTO JEWART'S DEATH STARTED

Testimony in Peculiar Case at Speers Brings Out the Story of Night Expedition

THEFT INTENTION IS DENIED

Testimony leading to the belief that while Harvey Jewart, aged 44, had been suffering from heart trouble his death Sunday was brought on by exertion and fright as the result of a night expedition with a party to the home of John Kittle, near Speers, was brought out at the coroner's inquest conducted by Coroner James T. Heffran at the Speers' borough building this morning. The inquest was not finished owing to the absence of Thomas Maloy a material witness.

It was reported Sunday that Jewart had accompanied a party consisting of J. H. Krepps, son Harlem Krepps and Thomas Maloy on a visit to the home of John Kittle with the supposed purpose of chicken thieving in mind. Samuel Fox and Isaac Beazell testified that they had seen the party go up the hill and Beazell told of passing them in an automobile and of having notified Kittle to watch out for the party.

Kittle told a story that he waited in hiding for the appearance of the four men. Three stopped along the road near, he said and one started for the chicken coop. He stepped out into the moonlight with gun leveled and went close just as the one individual was feeling along the fence for chickens. By firing in the air he chased them all way. Asked if he knew the one man at whom he leveled his gun, he replied that it was the elder Krepps.

Both Krepps and his son stoutly denied that they had been at the Kittle farm. They admitting having taken a walk to the top of the hill but insisted they had not gone farther. Neighbors of the Krepps testified to having seen them walking Jewart about the home early Sunday morning. He died Sunday evening at 7:30.

There is some doubt that Jewart accompanied the party with the knowledge that chicken thieving was a possible plan. He is said to have money. It was brought out at the inquest that he has been suffering from heart trouble. His wife it is said is a sister of Mrs. Krepps, whom she has not seen for 20 years. They stopped here to visit while waiting on the arrival of their household effects in Ohio, where they were moving from Clarion, W. Va.

ECBERTON RECEIVES $1.200 AWARD FOR LAND DAMAGES

In the suit of L. E. Ecberton against the West Side Electric Street Railway company, the report of the viewers has been filed. They award the plaintiff $1,200. Damages were claimed by Mr. Ecberton for land taken off his property for right of way purposes in the borough of Bentleyville. The right of way runs close to a residence on the property affected.

GUN CLUB BUILDS TRAP HOUSE AND ERECTS TRAP

Wild Life League Organization Completes Shooting Field Arrangements —Have Rifle Range.

A trap house has been built and traps have been set by the Wild Life League Gun Club of Charleroi on the Speers' farm near what is known as the "old sand bank," and arrangements are being made for an active season. Meanwhile the membership list is being boosted.

There are now 55 members in the gun club, with C. S. VanVoorhis as president and J. Russell Blythe as secretary-treasurer. This number is being boosted to 100 as rapidly as possible. The shooting field is to be used both for a rifle range and for trap shooting.

JUDGE M'ILVAINE IN AUTO WRECK

Escapes With Broken Rib and Lesser Injuries When Car Overturns

PARTY ON VACATION TRIP

Judge J. Add McIlvaine was injured when his automobile turned turtle at Warren, Ohio, last Thursday and at present is in a Warren hospital with a broken rib and lesser injuries. It was reported Tuesday that his hurts were not serious and that he was getting along nicely. He will be able to be discharged from the hospital within a few days and will probably return home immediately.

In the car at the time besides Judge McIlvaine were his wife and the latter's sister; Miss Shaw, Mrs. C. H. Lambie and the chauffeur, Pat Ware. Mrs. Lambie had an arm broken just above the wrist. She was able to come to her home. Miss Shaw was slightly cut and bruised. Mrs. McIlvaine and the chauffeur were uninjured. Mrs. McIlvaine and Miss Shaw are staying at a hotel in Warren until the judge's recovery.

The McIlvaine party left Washington last Wednesday bound for Battle Creek, Mich., by way of Toledo, Detroit and Ann Arbor. The automobile which carried the tourists overturned while rounding a sharp curve this side of Warren and the occupants were thrown out. The car was but slightly damaged. It is probable that the trip will be given up entirely.

PARENTS OF RUNAWAY BOYS LOOKING FOR THEM

California Lads Disappear Tuesday in Direction of Pittsburg—Police Furnished Description.

Parents of Jesse Beatty, aged 17 and James Guzzie of the same age and both from California, have asked the police to assist in learning their whereabouts, the two lads having disappeared from their home Tuesday. James Sheetz who left with them left the pair at Monessen and returned Tuesday to California.

Mrs. A. P. Beatty was in Charleroi this morning to give the police here a description of the two boys. She said she knew of no reason for their disappearance and had little idea where they had gone, unless it was to Pittsburg.

The Beatty lad was employed at the Crescent mine and the other at a store in California. Both are of slender build. They had little money with them when they left.

WOMAN RELEASED WHO FED HUSBAND POISON

Mrs. Mary Roberts of Roscoe Said no Longer to be Insane and is Placed in Keeping of Her Sister at Elizabeth

Mary Janes Roberts, of Roscoe, who has been in jail for several weeks, awaiting some final disposition of the case against her, has, upon petition, been ordered to be released to the care of her sister, Mrs. George Abbott at Elizabeth. Mrs. Roberts' case has been an unusual one, and one that has caused the county authorities much concern.

Almost a year ago she made an unsuccessful effort to poison her husband by putting a rough on rats preparation in his coffee. Some time later she was arrested and committed to jail charged with assault.

After her imprisonment, upon petition, the court appointed a lunacy commission and the woman was adjudged insane. The commission, however, did not find that she was violently insane, but recommended that she be committed to the insane department of the County home for observation and treatment. She was at the County home for a time and later turned over to a brother. Subsequently she was returned to the County home.

Following that the poor authorities, upon advice of the County home physicians, who had adjudged the woman insane, secured the recommitment of the woman back to the county jail. She was held to await the disposition of her case in criminal court.

On May 15 last she was put on trial, charged with the offense against her husband, Henry Roberts. The jury found the woman "not guilty, by reason of insanity."

Following this order of court an attempt was made to have the woman placed in the state institution for the criminal insane at Fairview, Wayne county. The authorities there, however, refused to receive her. It is understood they have not yet any accommodations for female inmates.

Dr. D. H. Lewis, jail physician, certified that he had had the woman under observation and treatment and he believes her condition has so improved mentally and physically that she will be perfectly harmless if released. He believed her condition justified her liberty.

Mrs. Roberts is a woman well up in years. She is the mother of a large family of children.

NO DECISION IN SUIT TO WAIVE RECEIVERSHIP

Judge Van Swearingen Witholds Opinion—Creditors' Committee Plans Sale of Thompson Lands

With the court room crowded to capacity by persons interested in the financial difficulties of J. V. Thompson the Uniontown banker, arguments on the petition filed by Mrs. Elizabeth Kraemer asking that the receivership of Thompson be set aside Tuesday were heard before Judge J. Q. Van Swearingen.

The latter at the conclusion of the hearing announced that he would reserve his decision, intimating that it probably will be handed down the latter part of this month.

Attorneys Samuel Untermeyer of New York and John M. Freman of Pittsburg appeared as chief counsel for the Thompson receivers and Attorneys C. A. Tuit and H. S. Dumbauld appeared for the petitioner.

Following the hearing of the petition the Thompson creditors' committee, many of whom attended the hearing, held a meeting in the Summit hotel. At the conclusion of the meeting it was announced that the committee was making negotiations for the sale of a large tract of land in order to pay on the accounts of secured claims. Members of the committee would not say when the sale will take place, but it is expected within a few weeks.

NEW WING OF CRESSON SANITORIUM IS OPENED

Greater Aid for Tuberculosis Patients to be Provided—Many Hundred On Waiting List.

The new wing of the Cresson State tuberculosis sanatorium has been opened for patients. This new addition which has been in the course of construction for the past eighteen months increases the capacity of the institution three hundred beds.

The new structure harmonizes architecturally with the main body of the sanitorium buildings and completes the institution as it was originally planned by Dr. Dixon.

With the completion and opening of this addition the capacity of the Cresson Sanatorium will be six hundred and eighty beds. With eleven hundred and fifty at the Mont Alto Sanatorium and five hundred at Hamburg this will make the total number of free beds in the State sanatoria, available for indigent sufferers from tuberculosis, twenty three hundred and thirty.

Every one of these institutions is filled to its capacity and there is a waiting list of more than eight hundred tuberculous sufferers seeking admission.

NEW YORK CITY CASE BROUGHT TO ATTENTION OF JUSTICE HERE

A case which began in New York city was brought to the attention of Justice of the Peace E. E. Rice this afternoon when Mrs. Antioniette Piccianno was held with bail at $300 for action of the grand jury and Paul Perez, with whom she is said to have been living under $100 bail on a fornication charge. The informant was Domenick Piccianno, husband of the woman, who came here from New York after the arrest of the couple.

EASIER TO REPAIR HIGHWAY THAN GET STATE TO DO IT

Contractor Thomas Arrigo, Desiring To Use Bad Road For His Own Hauling Fixes it

It is easier to repair a road than to get the state to do it from the opinion of Contractor Thomas Arrigo who showed the right sort of enterprise when he encountered a bad road from Colvin's to Bentleyville within the last few weeks. Contractor Arrigo was compelled to use the road for his own hauling to a considerable extent. It was in bad shape from hard usage and the bricks were sunken or raised in numerous places just as they should not be. Contractor Arrigo figured a while then determined the quickest way to get his own much needed hauling done, and the cheapest, was first to give the bad road some attention. He did it, repairing it considerable. There was not a cent in it for him and the materials and labor he used were expensive yet the road was highly improved.

JUDGE REFEREES SALE OF PLANT

Bidding Takes Place in Court Between Charleroi Man and Californian

PRICE BOOSTED JUST $1,000

Bidding took place in court at Washington Tuesday, with Judge R. W. Irwin acting as referee, for the purchase of the ice plant of the defunct California Provisions Company located in East Pike Run township. Bidders were Harry Mills of California and George W. Moody of Charleroi.

Negotiations for the ice plant had previously been carried on by Mills with the result that agreement had been reached for him to buy it at $2,500. Then C. N. Savage, the receiver was informed by George W. Moody of Charleroi that the price was not a worthy one. Moody offered $3,000. Mills raised his bid to meet that of Moody and the latter advanced another notch of $500. Then Judge Irwin, remarking the court was not in the auctioneering business, suggested the two furnish sealed bids, assuring them however that if they were the same Mills would be given the preference since he was virtually in possession now. They agreed he should have it at $3,500.

NEW MISSIONARY SOCIETY OF YOUNG PEOPLE IS ORGANIZED

Youthful Band of Workers to be Under Control of Washington Avenue Church Adult Society.

Under control of the Woman's Home and Foreign Missionary Society of the Washington Avenue Presbyterian church, a new missionary organization of young people was formed at a meeting held at the church Tuesday afternoon. There was a large attendance of young people. Officers were elected and a consitution adopted. The object is to add to the scope of missionary enterprises.

A program consisting of vocal and piano solos, duets and readings, together with a cornet solo by Russell Stahlman, was much enjoyed. A delegation from the Slovak church known as the Willing Workers Sewing Circle which meets regularly at the home of Mrs. Ellis Allman, was present and sang in their own language, "God Will Take Care of You." Miss Elizabeth Elliott was elected superintendent and the following officers were named: President, Miss Alberta Henderson; vice president, Miss Zeta Minnie Nickeson; secretary, Miss Olive McKay; treasurer. Miss Grace Williamson; pianist, Miss Irene Manon. The president of the missionary society, Mrs. F. C. Stahlman announced a program full of interest to be taken up in resuming work after vacation and in connection with the fall campaign.

CONTINUATION SCHOOL TO BE ESTABLISHED

School Board Instructs Educational Committee to Formulate Plans

SPECIAL COURSE NECESSARY

A continuation school will be established in Charleroi at the beginning of the coming school term, decision to this effect having been reached by the school board at a meeting Tuesday evening, when the educational committee and Superintendent T. L. Pollock were authorized to formulate plans. The citizenship school started last winter at the request of the naturalization bureau of Pittsburg will be continued much after the same plans that characterized its conduct previously.

Probably there will be 100 to enroll in the continuation school which is adopted to meet the needs of boys who work in mills or elsewhere. A special room will have to be provided and special equipment have to be secured. By the law each pupil of the continuation school must obtain at least an average of eight hours a week schooling during the regular school term This can be secured in one day of the week or according to whatever other arrangements are deemed advisable.

The state provides a special course that is practical along vocational lines. Special teachers are required holding special certificates. The state shares the expense.

In Charleroi probably the pupils will be divided into groups of 20. The first group will receive their schooling the first ten weeks, the second the next ten weeks and so on, each group returning to work at the expiration of the time. In this way employers will not be hampered as they otherwise would. The school age for continuation schools is 14 to 16.

Members of the committee to work out plans for the new school are W. D. Pollock, H. J. Booth, Dr. T. M. Faddis and Prof. T. L. Pollock.

WATCH YOUR LICENSE PLATES

Valuable instructions are contained in a letter to all holders of motor vehicles to operate motor vehicles in an effort to promote uniformity and to provide a better understanding of the automobile regulations. These instructions are as follows:

Attach your 1916 license plate to your motor vehicle after December 31, 1915. Put one on the front and one on the rear, each conspicuously placed so that the number can be seen at a glance.

Never operate your car unless both license plates are in place. If one or more or both are lost, send one dollar with application for new set to the state highway department.

Do not attempt to operate the vehicle with any license plate other than its own, or with only one plate.

Do not make a license plate to replace an old one. Any substitute plate will get you into trouble.

Carry always your registration certificate.

Do not permit any one to operate your car unless he or she is an owner or has a license.

Never permit any person under 16 years of age to operate your car.

Display always one hour after sunset two white lights on the front of your car.

Remember that your rear light must be displayed so that it shines on your license plate.

Remember 24 miles an hour is the maximum rate of speed on any public highway.

Lastly asd most important, operate your car always in a careful manner. Reckless driving is responsible for nearly all of the accidents which occur. See that you are not at fault.

It is altogether a matter of location that regulates the attention the administration is willing to give to public improvements. Here is what the Johnstown Leader says:

"Nothing doing," say the government engineers to the people of the Youghiogheny river valley who ask for a series of locks and dams. Now if the Youghiogheny were in Georgia, and could produce one-tenth of the tonnage the western Pennsylvania stream produces. Congress would be spending millions on the stream.

GETTING MILLER OUT OF LOCKUP
HARD TASK FOR MILLER'S FRIENDS

Friends of "Bull" Miller, well known as a pugilist of Monessen, were having a great time of it getting him out of the lockup at that place today. Miller was arrested upon his return to Monessen Tuesday on a charge of assault preferred by a member of the Mighty Doris shows, which recently played there. His hearing was to have been before Justice of the Peace Lynch at Webster, but Justice Lynch is out of town, with the result that bail cannot be put up for Miller's release. He is alleged to have broken the nose of a carnival man when incensed at the latter's actions.

FACTS ABOUT PRESIDENTS' PAST PRESENT AND FUTURE

If Charles Evans Hughes is elected president he will be the first Baptist [illegible].

To date have been eight Episcopalian presidents seven Presbyterians, four [illegible] two Dutch Reformed and four Unitarians. Jefferson labeled himself a universalist in religion but his opinions and beliefs [illegible].

The Episcopalians made their best presidential records in the early days of the republic when the faith of the Church of England was still strong.

Garfield was ordained as a preacher in the Church of the Disciples.

Hughes could make the seventeenth effort to occupy the white house. Only eight presidents so far have not been members of the bar.

Eighteen of our presidents out of the twenty-seven were college men, and as Hughes went to two colleges he will strengthen the forces of the sheepskin holders.

Hughes is a member of the Delta Upsilon Greek letter fraternity, as was Garfield.

The average age at which men have been elected president was fifty-eight Hughes is only fifty-four. Roosevelt was forty-three when he succeeded McKinley and he was our youngest president. "Tippecanoe" Harrison was sixty-seven.

Hughes is just ten years younger than his running mate, Charles W. Fairbanks.

All our presidents except two—Van Buren and Roosevelt—were of British extraction. Jefferson, however was the only Welshman and Hughes' ancestry also goes back to Wales.

The father of Justice Hughes was a clergyman. Three other presidents—Wilson, Cleveland and Arthur—were sons of preachers.

If you want your son to be president you had better buy a farm. An even dozen presidents were sons of farmers, and farmer boys beat all others in the race to the white house. —Girard, in the Philadelphia Ledger.

They seem to be getting over dudish ways at El Paso camps. Pittsburg women sent scented soap and they wrote back, "Please send us real soap that we can use, not smell."

The Perfect Corn Flakes

New Post Toasties are not only inexpensive but they bear a new deliciousness, produced by a new process of cookery— the first to produce corn flakes with the self-developed true corn flavor.

So fine is the flavor that New Post Toasties are wondrous good eaten dry. Unlike common corn flakes, they do not require cream and sugar to make them palatable. Try some that way—you'll appreciate the point, though they're even better when served with cream or good milk.

These New Post Toasties don't mush down in cream, and they are not "chaffy" in the package, like common flakes. They're new in form, new in flavor, and new in appearance. Note the tiny bubbles on each flake—an identifying feature.

Put up in wax-sealed packages, New Post Toasties retain their oven-crispness and flavor until served at your table.

Have your grocer deliver a package for tomorrow's breakfast.

CESSATION OF PRESSURE CAUSES SLUMP IN COKE

It has been learned that declining demand for coke on the part of the United States Steel corporation furnaces had caused the curtailment of output on the part of the H. C. Frick Coke company. All of the ovens in blast at the Valley and Dorothy plants were ordered out, while the activity of Youghiogheny works was curtailed in half. Curtailments at other plants bring the total number of ovens banked to between 500 and 600. At Dorothy, 145 of the 230 ovens had been in blast and 88 of the 200 at Valley. Half of the 189 ovens which were fired at Youghiogheny are to go out.

There has been a cessation of the high pressure at which Steel Corporation plants have been operating during the past several months, indicating something of a slump in trade. The unfilled steel orders at the close of June were materially below those at the close of May, which shows that the mills are catching up with deliveries rapidly. Any decline in the steel trade is promptly reflected in the coke market.

NEW MINE TO BE OPENED NEAR BEALLSVILLE SOON

A new coal tract of 500 acres will be opened soon in the Ten Mile district, south of Beallsville. The development begins at an entirely new point. Plans have been matured and all preliminaries arranged for the installation of a new plant, which will move the advance guard of mining operations several miles nearer the center of the county. W. H. Warner, of Cleveland and J Y. Humphries of Pittsburg. formerly of the Bessemer Coal Co., both important factors in the sale of iron and steel products with other associates. have made preparations to develop the new field. No coke ovens will be operated and the activities will be confined to the mining of coal for shipment to independent by-product coke oven plants. An extension of the Pennsylvania Railroad from Besco to the new field already has been authorized.

An exchange wants to know why, if Charley Chaplin gets as much as he says he does, he doesn't buy a new hat.

RAILROAD WAGES

Shall they be determined by *Industrial Warfare* or *Federal Inquiry?*

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Eastern Railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest, and average of all) as shown by the payrolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	$1641 3224	$1931	$1585 2992	$1783	$1303 2178	$1543
Conductors	1553 3004	1831	1552 2901	1642	1145 1991	1315
Firemen	951 1704	1128	933 1762	1109	752 1633	935
Brakemen	957 1707	1141	862 1521	973	834 1635	1085

The average yearly wage payments to *all* Eastern train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	$1796	$1546	$1384
Conductors	1724	1404	1238
Firemen	1033	903	844
Brakemen	1018	858	990

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?
